Quoted brand owes highest certification i.e. FDA and brand leader worldwide and manufactured exactly according to United States Pharmacopeia.

It is approved in almost all public and private institutions of Pakistan and never received any complaint from institution of Pakistan. Further, it is the strongest suture available in the market and you can gauge this with Tonometer/Tensilometer. Hence, objection is void

Quoted brand owes highest certification i.e. FDA and brand leader worldwide and manufactured exactly according to United States Pharmacopeia. It is approved in almost all public and private institutions of Pakistan and never received any complaint from any institution of Pakistan. Further, it is the strongest suture available in the market and you can gauge this with Tonometer/Tensilometer. Hence, objection is void

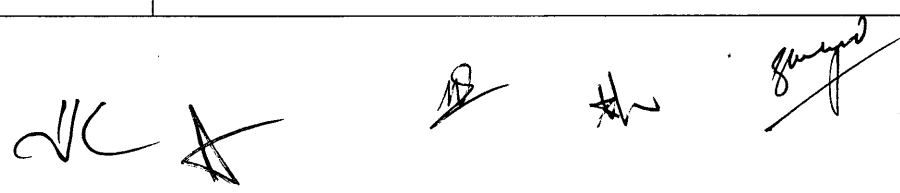

Same Justification prevails as of Item #91
Further, Our Suture Needle is made of the premium alloy available in the market offering maximum Strength, Ductility and very resistant to bending. Further Needle is coated with new formulation of Silicon reduces initial penetration force, reduces tissue drag and ensures pass after pass performance. We haven't received a single complaint worldwide against our Suture and Needle. Hence, reconsider your please decision
