For the point stating that M/S Pakistan Microbiological Associates has been blacklisted on PPRA website, it is to mention that our Tender Quotation for Children Hospital, Faisalabad was submitted on 15-June-2024 and the blacklisting letter referred here</p> <p>was published on 28-June-2024, therefore, the undertaking of not blacklisted was produced earlier. Abdominally, as per PPRA rules Circular No. MD(PPRA)48-80M/2023 dated 07-July-2013, a procuring agency may debar a bidder from participating in any public procurement of that procuring agency. The consequential effect of such debarment by the procuring agency is limited only to the extent of that procuring agency. The matter has been placed before the PPRA board of Management and unanimously approved on 15-06-2023 (Copy attached). All standard bidding documents have also been amended accordingly. Hence, any other procuring agency cannot reject any firm's bid on the basis of blacklisting notification from another institution. Hence, this reason for rejection of our bid can be taken as null and void</p> <p>2. The next concern shared in the letter is about the non-provision of Valid Drug Sale License & Valid Establishment Registration Certificate. Although the DRAP License for M/S Pakistan Microbiological Associates is attached in the technical bid, right after the Audit reports, but we have attached it again with this letter for your ready reference.</p> <p>As per the subject letter it has been mentioned that no experience letter is provided in the technical bid. So, at first, according</p> <p>to the bidding document only the last three years of experience of the quoted product in form of Purchase orders was required, as mentioned on Page No. 38 Clause No. 1, of the technical evaluation criteria "Compulsory parameters":</p> <p>The experience of quoted product must be at least three years (Financial year) since July 2018 onward till closing date of submission of tender. (Firm must attach Purchase Orders of quoted items of Public Sector Institution anywhere in Pakistan).</p> <p>In compliance to this clause, M/S Pakistan Microbiological Associates have attached multiple purchase orders and performance reports from many sites for all the mentioned/quoted items in our technical bid just after the machine technical documents (AU 680 brochure, FDA certificate, CE Mark Certificate & Test menu).</p>	<p>Mis. Kashmala Mansoor Appeared before the grievance committee on behalf of the firm. The grievance committee heard his grievance perused the tender record and took following decision unanimously. Compulsory Parameters: The firm provided the required document for evaluation in serial no. 1, Hence declared responsive</p> <p>"As per PPRA rules Circular No. MD(PPRA)48-80M/2023 dated 07-July-2013, a procuring agency may debar a bidder from participating in any public procurement of that procuring agency. The consequential effect of such debarment by the procuring agency is limited only to the extent of that procuring agency."</p> <p>The firm provided the required document for evaluation in serial no. 2, Hence declared responsive</p> <p>Ordinary Parameters: The firm did not provide the required document in technical bid in serial no. 03, Hence got (00) marks</p> <p>The firm provided the required document in technical bid in serial no. 5, Hence got (10) marks Tender Item No. 1-31 declared responsive.</p>

Annex-B

2	Serum Creatinine	Tender for Automated Chemistry Analyzer on rental-reagent basis Make: Europe/USA/Japan and FDA/CE/MHLW certified, Voltage Rating AC 220V 50Hz Reagents will be provided on actual per test cost. The supplier will mention the pack size of reagents and number of "actual tests performed per pack size". The wastage of reagents during startup/shutdown of machine and routine cleaning cycle will not be added in actual number of testes performed per pack. The machine should be able to perform 500 tests/hour or more, should have built in refrigeration for kits, LCD display and patient data entry using keyboard. The contract will include a compatible thermal printer or a laser printer and a compatible sine wave UPS with built-in battery for a backup of at least 30 minutes. The per-test-cost will include cost of Reagents, Controls, Calibrators, Cuvettes, and all consumables, including cost of maintenance and service of machines and cost of replacement of parts, if required, with no hidden charges for any consumable or repair. The supplier will provide a backup instrument in case of machine failure. The supplier will bear the cost of software-integration of machine with reporting software of laboratory. User manual and service manual of machine will be provided. The supplier will arrange 03 (three) training sessions after installation of the machine for Day, Evening, and Night shift technicians, respectively.
---	------------------	---

SR. NO.	EVALUATION CRITERIA	POINTS	M/S: Pakistan Microbiological Associates Serum Creatinine, Beckman Coulter(USA/Ireland/France) 4x51mlR1, 51mlR2, Pack Size: 3960	M/S: Roche Pakistan Serum Creatinine, Cobas(EEC/Japan/USA) Pack Size: 700	M/S: Martin Dow Specialties (PVT) Ltd Serum Creatinine, 8x69ml/4x26ml Elitech, (Elitech /France/Netherlands) Pack Size: 1968			
1.	Sample Based Product's past experience / Quality Evaluation (Product) i) very good & product complies to required specifications / requirement. ii) good & product complies to required specifications / requirement. iii) satisfactory & product complies to required specifications / requirement. iv) No past experience but product complies to required specifications / requirement. v) Poor quality of the product / product does not comply to required specification a/ requirement. (Technically rejected)	30 (30) (25) (18) (16) (00)	18	25	25			
2.	Experience of the product in the market i) 1-3 years experience ii) 4-8 years experience iii) 9-15 years (& above) experience	20 (14) (16) (20)	14	14	14			
	Total points = 50	Qualifying points = 30	32	39	39

BID RE-EVALUATION REPORT (TECHNICAL EVALUATION OF PRODUCTS) TENDER OF LAB KITS & CHEMICALS ITEMS 2024-25

STAGE-02

Annex-B

12	Serum Indirect Bilirubin (Calculated)	Tender for Automated Chemistry Analyzer on rental-reagent basis Make: Europe/USA/Japan and FDA/CE/MHLW certified, Voltage Rating AC 220V 50Hz Reagents will be provided on actual per test cost. The supplier will mention the pack size of reagents and number of "actual tests performed per pack size". The wastage of reagents during startup/shutdown of machine and routine cleaning cycle will not be added in actual number of testes performed per pack. The machine should be able to perform 500 tests/hour or more, should have built in refrigeration for kits, LCD display and patient data entry using keyboard. The contract will include a compatible thermal printer or a laser printer and a compatible sine wave UPS with built-in battery for a backup of at least 30 minutes. The per-test-cost will include cost of Reagents, Controls, Calibrators, Cuvettes, and all consumables, including cost of maintenance and service of machines and cost of replacement of parts, if required, with no hidden charges for any consumable or repair. The supplier will provide a backup instrument in case of machine failure. The supplier will bear the cost of software-integration of machine with reporting software of laboratory. User manual and service manual of machine will be provided. The supplier will arrange 03 (three) training sessions after installation of the machine for Day, Evening, and Night shift technicians, respectively.

BID RE-EVALUATION REPORT (TECHNICAL EVALUATION OF PRODUCTS) TENDER OF LAB KITS & CHEMICALS ITEMS 2024-25

STAGE-02

Annex-B

21	Serum Iron	Tender for Automated Chemistry Analyzer on rental-reagent basis Make: Europe/USA/Japan and FDA/CE/MHLW certified, Voltage Rating AC 220V 50Hz Reagents will be provided on actual per test cost. The supplier will mention the pack size of reagents and number of "actual tests performed per pack size". The wastage of reagents during startup/shutdown of machine and routine cleaning cycle will not be added in actual number of testes performed per pack. The machine should be able to perform 500 tests/hour or more, should have built in refrigeration for kits, LCD display and patient data entry using keyboard. The contract will include a compatible thermal printer or a laser printer and a compatible sine wave UPS with built-in battery for a backup of at least 30 minutes. The per-test-cost will include cost of Reagents, Controls, Calibrators, Cuvettes, and all consumables, including cost of maintenance and service of machines and cost of replacement of parts, if required, with no hidden charges for any consumable or repair. The supplier will provide a backup instrument in case of machine failure. The supplier will bear the cost of software-integration of machine with reporting software of laboratory. User manual and service manual of machine will be provided. The supplier will arrange 03 (three) training sessions after installation of the machine for Day, Evening, and Night shift technicians, respectively.

30	Serum Lactate	<p>Tender for Automated Chemistry Analyzer on rental-reagent basis Make: Europe/USA/Japan and FDA/CE/MHLW certified, Voltage Rating AC 220V 50Hz Reagents will be provided on actual per test cost. The supplier will mention the pack size of reagents and number of "actual tests performed per pack size". The wastage of reagents during startup/shutdown of machine and routine cleaning cycle will not be added in actual number of testes performed per pack. The machine should be able to perform 500 tests/hour or more, should have built in refrigeration for kits, LCD display and patient data entry using keyboard. The contract will include a compatible thermal printer or a laser printer and a compatible sine wave UPS with built-in battery for a backup of at least 30 minutes. The per-test-cost will include cost of Reagents, Controls, Calibrators, Cuvettes, and all consumables, including cost of maintenance and service of machines and cost of replacement of parts, if required, with no hidden charges for any consumable or repair. The supplier will provide a backup instrument in case of machine failure. The supplier will bear the cost of software-integration of machine with reporting software of laboratory. User manual and service manual of machine will be provided. The supplier will arrange 03 (three) training sessions after installation of the machine for Day, Evening, and Night shift technicians, respectively.</p>

BID RE-EVALUATION REPORT (TECHNICAL EVALUATION OF PRODUCTS) TENDER OF LAB KITS & CHEMICALS ITEMS 2024-25

STAGE-02

Annex-B

32	Serum Electrolytes (Na⁺, K⁺, Cl⁻)	Reagents (Human brand or equivalent) required for HumaLyte Plus3. Make: Europe/USA/Japan - FDA/CE/MHLW certified. Reagents will be provided on actual per test cost. The supplier will mention the pack size of reagents and number of "actual tests performed per pack size". The wastage of reagents during startup/shutdown of machine and routine cleaning cycle will not be added in actual number of testes performed per pack. Machine should be able to perform 60 tests/hour or more. The contract will include a built-in thermal printer or a compatible external laser or thermal printer and a compatible sine wave UPS with built-in battery having a backup of at least 30 minutes. The supplier will bear costs including Reagents, Controls, Calibrators, electrodes, and all consumables, including cost of maintenance and service of machines and cost of replacement of parts if required with no hidden charges of any consumable or repair. The supplier will provide backup electrolyte analyzer in case of machine failure. User manual and service manual of machine will be provided. The supplier will bear the cost of software-integration of the machines with the reporting software application of the laboratory. The supplier will arrange 03 (three) training sessions after installation of the machine for Day, Evening, and Night shift technicians, respectively.

SR. NO.	EVALUATION CRITERIA	POINTS	M/S: Popular International (PVT) LTD Serum Electrolytes (Na ⁺ , K ⁺ , Cl ⁻), Humalyte Plus3(Human), 550 test/pack Including all consumables, controls and parts
Compulsory Parameters			
1.	Valid Drug Registration Certificate/Drug Enlistment Certificate in the name of bidder, whichever applicable as per Medical Devices Rules 2017 of the quoted product issued by DRAP Pakistan.	Yes/No	Yes
2.	Valid Sole Agency Agreement of quoted item. (for Importers).	Yes/No	Yes
3.	Valid quality certification of CE/UNFPA/JpMHLW/US FDA approval certification or prequalification by WHO. Certificates provided by the firm on its own letter head are not acceptable, CE marked by conformity assessment bodies (CABs) notified in NANDO database under the relevant European directive for medical devices of European Union will be accepted only.	Yes/No	Yes
4.	Valid Free Sale Certificate indicating that the quoted brand is freely available in the country of manufacturer. This certificate must be issued by relevant authority of the country of origin duly legalized/ notarized by embassy of Pakistan/ country of manufacturer (For Sole agents only). This certificate shall be valid till validity period of the Bid.	Yes/No	Yes
5.	The experience of quoted product must be at least three years (Financial year) since July 2018 onward till closing date of submission of tender. (Firm must attach Purchase Orders of quoted items of Public Sector Institution anywhere in Pakistan). Note: The experience of the quoted item (Purchase Orders) shall be considered on the name of the bidder only.	Yes/No	Yes
Ordinary Parameters:			
1.	Sample Based Product's past experience / Quality Evaluation (Product)	30	25
	i) very good & product complies to required specifications / requirement.	(30)	
	ii) good & product complies to required specifications / requirement.	(25)	
	iii) satisfactory & product complies to required specifications / requirement.	(18)	
	iv) No past experience but product complies to required specifications / requirement.	(16)	
	v) Poor quality of the product / product does not comply to required specification a/ requirement. (Technically rejected)	(00)	
2.	Experience of the product in the market	20	16
	i) 1-3 years experience	(14)	
	ii) 4-8 years experience	(16)	
	iii) 9-15 years (& above) experience	(20)

BID RE-EVALUATION REPORT (TECHNICAL EVALUATION OF PRODUCTS) TENDER OF LAB KITS & CHEMICALS ITEMS 2024-25

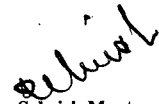

STAGE-02

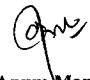

Annex-B

53	Dengue IgM ELISA	ELISA Kits Required for Special Chemistry ELISA Analyzer (Elisys UNO or Equivalent) Make: Europe/USA/Japan brands and FDA/CE/MHLW certification Reagents will be provided on actual per test cost. The supplier will mention the pack size of reagents and number of "actual tests performed per pack size". The contract will include free-of-cost provision of a backup Semi-automatic Plate Reader, and a backup UPS (1000VA) with built-in battery compatible with Elisys UNO having a battery backup of at least 30 minutes. The supplier will provide all Reagents, Controls, Calibrators and Consumables. No hidden charges will be there in the test cost.
